To the Board of Directors of the  
Jackson County Tourism Development Authority

We have audited the financial statements of Jackson County Tourism Development Authority (the "Authority") for the year ended June 30, 2014, and have issued our report thereon dated November 17, 2014. Professional standards require that we provide you with information about our responsibilities in accordance with auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letters to you dated March 11 and July 22, 2014. Professional standards also require that we communicate to you the following information related to our audit.

## **Summary of Audit Results**

### **Qualitative Aspects of Accounting Practices**

*Accounting Policies* – Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Authority are described in Note 1 to the financial statements.

The application of existing policies was not changed during 2014. We noted no transactions entered into during the year that were both significant and unusual that, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

All significant transactions that have occurred during this fiscal year have been properly recognized in the basic financial statements.

*Financial Statement Disclosures* – The notes to the basic financial statements are an integral part of the Authority's basic financial statements. All significant disclosures have been prepared in accordance with accounting principles generally accepted in the United States of America and are neutral, consistent, and clear.

## Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

## Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not note any uncorrected misstatements.

## Disagreements With Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

## Management Representations

We have requested certain representations from management that are included in the management representation letter included in [Appendix A](#).

## Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Authority's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

## Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Authority's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors and management of the Authority, is not intended to be, and should not be used by anyone other than these specified parties.

We wish to take this opportunity to express our appreciation for the assistance and cooperation given our representatives during our audit. Should you have any questions concerning the matters presented herein, we would be pleased to discuss them with you further at your convenience.

This representation letter is provided in connection with your audit of the financial statements of the Jackson County Tourism Development Authority (the "Authority"), which comprise the respective financial position of the governmental activities and the major fund as of June 30, 2014, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended, and the related notes to the financial statements, for the purpose of expressing opinions as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter:
